ABOUT BEVOLUTION GROUP

Nimble & Responsive: Capabilities

Small enough to be nimble yet large enough to have scale.

We're more than a beverage company. We are a collaborative, committed, and creative partner. Dedicated to designing solution strategies, we continually challenge ourselves to anticipate the needs of our partners and bring solutions to the table.

For us, it's about making a positive impact in the lives of our partners and their customers.

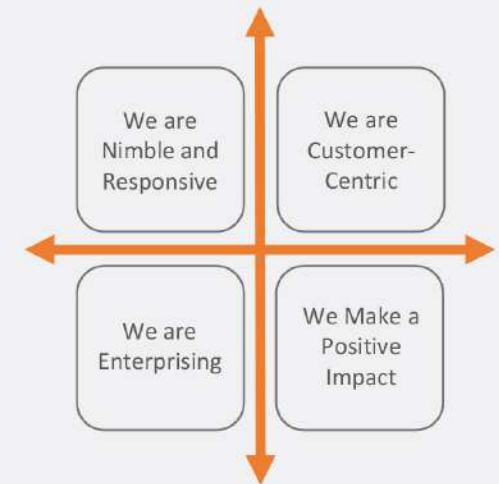

We are **Impactful**

When the market demanded an unprecedented amount of hand sanitizer, we were quick to pivot and satisfy the need.

In under 30-days we were able to formulate, produce, and bring to market a safe and effective FDA-approved product. Today, we are proud to offer **Refrasia Care Hand Sanitizer**, the latest edition to our trusted healthcare portfolio.

Q & A

How does this compare to other hand sanitizers?

We've gone through all the proper channels to develop this FDA-approved hand sanitizer. Furthermore, our facility and team members uphold the highest quality standards.

Our unique Refrasia Care Hand Sanitizer is an easy to pump and apply gel. Formulated with 70% alcohol (FDA minimum is 60%), for a better clean without drying out your hands. Plus, our hand sanitizing gel evaporates in 30 seconds – $\frac{1}{3}$ faster than the leading competitor.

What about pump dispensers?

One pump dispenser will be included with each case of product. If additional pumps are required, we can put you in touch with the vendor to order directly.

When will product be available?

Production is scheduled for mid April.

Where does product ship from?

Product will be produced and shipped from Frostproof, Florida.

How do I order?

Orders are currently being accepted and product will be shipped in the order POs were received. Contact your dedicated account executive or customer service to order now.

Always **Close at Hand**
